

WHITE PAPER

GEOLEAF TOKEN

introduction

Our mission is to contribute in helping towards the global water crisis. At this current time, over 700 million people from around the world do not have access to clean drinking water or sanitation. We believe this to be unacceptable during this day and age, so our objective is to help reduce these numbers by offering products, innovative technology and monetary donations to registered charities and communities around the world.

water facts

- **771 million people lack access to clean water. ...**
- **Women and girls spend an estimated 200 million hours carrying water every day.**
- **The average woman in rural Africa walks 6 kilometers (about 3.7 miles) every day to haul 40 pounds of water.**
- **More than 800 children under 5 die every day from diarrhea caused by contaminated water, poor sanitation, and unsafe hygiene practices.**

solution

So our aim here at Geoleaf is to address the lack of clean drinking water, and we plan to form partnerships with organizations and charities , we also believe we should use tech in our quest to contribute to the problem using 3D printing to see if we can use this function and print water filters to be donated where needed but we will also look at other products that may be useful.

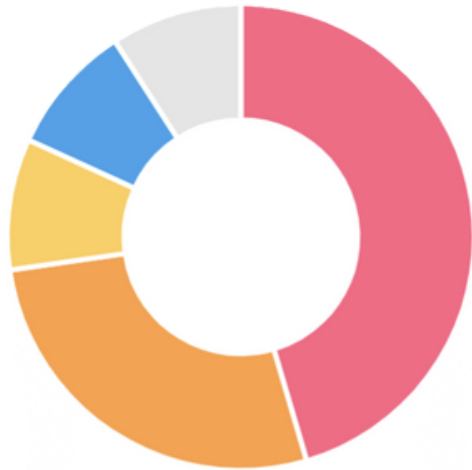

We will set up online store for selling products and merchandise.

community

Geoleaf is a project driven by the community for communities around the world, a community also focused on helping good causes.

with governance voting planned for community action items and charity donations

Roadmap

Q2 2023

- Launch Website & Socials
- Register Business
- BSC Presale
- GroveChain FairLaunch
- Website Dashboard
- Contract Audit

Q3 2023

- CoinMarketCap
- CoinGecko
- Staking Platform
- Extensive Community Building
- Charity Donations

Q4 2023

- AMA'S and Marketing
- Charity Partnerships
- Swap Listings
- Merchandise Store
- CEX Listings

Q1 2024

- Product Research & Development
- Extensive Marketing Push
- Team Expansion
- Major CEX Listings
